Next 30 Days of Season 29

Announcements Miss Buffalo Feb 6, 2023

In true timekeeping fashion, I'm here to kick off the next 30 days of Season 29. The first 30 (technically 31) went by quickly, which just means we have more exciting news and Missions for you to participate in!

Celebrating Black History Month

This year we are celebrating Black History Month with a series of Missions that highlight games made by Black creators and feature Black leads. Ambassadors can unlock XP by playing, sharing, and discussing games like The Gunk and Watch Dogs 2. Join the discussion by visiting the Missions page each week to see the new Game of the Week.

The Xbox Ambassadors Accessibility Explorer Path

Last month, we set a goal for the Xbox Ambassadors community to reach 1-million Mission completions on the Accessibility Explorer Path by Global Accessibility Awareness Day. Today, I'm excited to share that we are halfway there! We have surpassed 500k completed Missions and have a few more months to go until GAAD on May 18th. To keep us moving closer to that 1-million mark, we've launched new Missions on the Accessibility Explorer Path.

Newly launched Accessibility Missions:

- Try Captioning on Xbox or PC
- Watch Enabling Deaf Gamers with Subtitles and Captions
- Read XAG 104: Subtitles and captions
- Watch Subtitles in XR: A Practical Framework
- Watch Closed Captions in Marvel's Guardians of the Galaxy: From Design to Implementation
- Complete Gaming accessibility fundamentals Learning Path Module 1: Introduction to gaming and disability
- Contribute to the Convo: If you use captioning, why do you use it? How does it help you?

Make sure to check back frequently because we have many more planned for the month of February.

In addition to new Missions, the Accessibility Explorer Path Badges are on their way! Soon, we will release a new badge on your Xbox Ambassadors profile for completing Missions along the Accessibility Explorers Path. The badges will evolve the more Missions you complete. Stay tuned to see them go live.
